

MARKETING & STRATEGY

An innovative, multi-disciplinary marketer with a track record of ideating, planning and executing campaigns and content using data and insight to inform creative and strategic narratives across multiple mediums.

I enjoy developing and executing marketing plans, putting them into action, exploring and researching trends and reports, supporting clients and teams, creating content, analysing customer behaviours and delivering strategic results that have a positive impact. I bring digital marketing expertise, creativity, organisation and a passion for, and extensive knowledge of online / offline marketing.

I have experience within a number of industries: tech (SAAS), digital publishing, e-commerce, luxury fashion and beauty retail, independent music artists, FMCG, micro SMEs and agencies.

With 7 years' experience and mentorship from industry veterans, I have finely tuned a range of skill sets that demonstrate my entrepreneurial spirit to take on projects with initiative, confidence and attention to detail.

EMPLOYMENT

Clientshare: SAAS Workflow Tool

Marketing Executive | Full-time

Mar 2021 — Dec 2021

- Working closely with Head of Marketing. Executing marketing plans for upcoming launches, supporting various departments and ensuring the re-branding is communicated across the business.
- Supported the launch of a new product and business re-brand — I created a social media strategy and content, managed a website launch, organised a launch event, liaised with internal departments and agencies to ensure all collateral is on brand and message.
- Planned and executed the 'Pulse' Launch event (Sept 2021) for blue-chip clients, investors and partners (this included stage rehearsals, invitations and emails, location, playlist, food and drinks, directed the team on event day and ensured the evening ran smoothly).
- Built an automated email workflow for free-trial users, increasing sales and engagement.
- Developed and executed a social media strategy and content on business accounts (LinkedIn and Twitter) that helped build a sense of community within the supplier sector.
- Co-ordinated, tested and launched a new website with a creative marketing agency and ensured HubSpot CMS is easy to use for everyone in the business.
- Supporting departments and third-party contractors: Sales, Design, Client Success, Enterprise Account, IT and Agencies with collateral developments / amends and product announcements.
- Supporting and developing outbound, inbound and ABM marketing campaigns.
- Filmed and directed a six-part video series of senior team members to share the 'Clientshare' story within target community.
- Organised the internal files for the business in SharePoint and communicated to the team.
- Presented weekly marketing meetings to senior leaders (Marketing, Finance, Sales and MD).
