I am a highly motivated and hardworking individual with excellent organisation and problem-solving skills. I am extremely confident and I enjoy speaking to and getting to know other people. I am very punctual and I can use my own initiative confidently whilst working independently and within a group. I can work effectively by incorporating my communication skills whilst completing tasks with other people and these skills will come in use when communicating with the wider public. I will work to the best of my ability in all situations, including working well under pressure and to a strict time scale if required.
